

Thrilling News from the East!

DOUGLAS HAS FOUND HIS MOTHER!
Curtis, Kansas, N. Y., Sept. 17.
Judge Douglas arrived here this morning, and remained at the house of his mother till this afternoon, when he addressed an audience from 15,000 to 20,000 people. He expressed great pleasure that he had an opportunity of relieving his public friends, by announcing that he had at last found his mother. He expressed regret that Lincoln did not find it safe to visit his birthplace or the graves of his parents, for fear of violence. He spoke for about two hours.

IMPORTANT FROM MEXICO.

New Orleans, Sept. 17.
The Spanish war steamer, Francisco Desas, arrived at Havana from Truxillo, on the 10th inst., and reports that the British steamer Icarus with a transport and troops under Gen. Alvarez, proceeded to the Rio Negro where Walker's army was encamped. The boats of the Icarus proceeded up the river and captured Walker who, with his 70 men, are all brought to Truxillo and delivered to the Honduras authorities. Walker's men were very despondent, and many were sick, they were permitted to return to the United States on condition they would never engage in another expedition against Central America. Walker and Col. Butler were to be shot. The Guatemala Expedition arrived after the capture of the expedition. Fourteen thousand Liberals were marching on the city of Mexico. Miramon was in the city with 7,000 men.

FROM ST. LOUIS.

St. Louis, Sept. 17.
White Blair and Glover were addressing a Republican meeting at Hannibal last Thursday night, some outsiders made repeated attempts to interrupt the proceedings by throwing rocks and eggs at the speakers, and hurrahs for Douglas, Bell and Breckinridge. A circular signed "Vigilance Committee" had been circulated a few days previous, inviting citizens from Marion and Ralls counties to prevent holding the meeting. Blair spoke an hour and a quarter.

ARRIVAL OF THE JUARA.

Quebec, Sept. 17.
The steamer Juara from Liverpool noon 6th via Londonderry the evening of the 7th has arrived at this port.

GREAT BRITAIN.—The weather continued comparatively fine throughout England and Ireland and harvest prospects were more promising, which exercised a buoyant influence on the funds and cotton.

The Queen goes to Germany on the 24th of Sept.

NAPLES.—A Naples telegram of the 6th announces the arrival of Garibaldi and his forces at Salerno; he was expected at Naples.

A dispatch also says the King will leave here to day for Gaeta.

Eight Sardinian war vessels were in the Bay of Naples with two regiments Bersaglier on board.

The British steamer Orwell which was taken possession of by Garibaldi's hand was recaptured by the English war steamer Scylla.

SPAIN.—It was again asserted that Christians had been massacred at Baslebeck and in a village near Danaburg.

FRANCE.—Napoleon is reported to have assured M. Parnis of his sincere desire to see Italy independent.

When Victor Emmanuel shall be master of Sicily and Naples he will be strong enough to contend alone with Austria, but should Austria prove victorious in a conflict France would not allow her to abuse her victory.

Garibaldi had arrived at Salerno and was expected at Naples immediately.

The correspondent of the Daily News says Gen. Lamoriciere's proclamation imposes on the Sardinian government the duty of watching the frontiers, and of preparing to cross them in case of necessity. The government is already collecting in that direction 20,000 men.

MOB AT LEAVENWORTH.
Leavenworth, K. T., Sept. 18.
Gordon, the alleged murderer, who has been in the custody of the U. S. Marshal for sometime past, an examination yesterday, before Judge Pett of the U. S. District Court, which resulted in his discharge for want of jurisdiction. It having been shown that Denver, where the offense is alleged to have been committed, is in Moritana county, and not in Arapahoe, as was supposed. This decision leaves the citizens of Pike's Peak region, outside of Arapahoe county, without any protection.

After the discharge of the prisoner, threats were made of lynching, and an excited crowd gathered around the court room.

Gordon, however, was taken to the jail for safety under the protection of the Sheriff and city officers. Late in the evening a body of his friends undertook to remove him thence, but were immediately surrounded by an excited crowd, shouting, "hang him," "shoot him up!" &c.

The friends of law and order, however, under the lead of Mayor McDowell, and other city officers, succeeded in preventing the mob from proceeding to extremities, and Gordon was again lodged in jail for safety. He was badly bruised and cut during the melee, and others were some what injured. Sheriff Middough, of Arapahoe county, was arrested in town during the tumult, was badly injured by a blow on the head.

Gordon has been re-arrested on a Justice's warrant, and will be taken to Denver as soon as his injuries will permit.

The affair causes much excitement in this city, and our citizens are generally gratified with the triumph of law and order.

DOUGLAS AT SYRACUSE.
Syracuse, N. Y., Sept. 18.
Douglas arrived here yesterday morning on his way from Clinton Springs. On his arrival here, and during the day, he has been the recipient of honors.

He spoke yesterday afternoon to a crowd of over 30,000 people assembled in a fair were lot. His speech embraced some 400,000 words. He explained that the difference between Popular Sovereignty and Squatter Sovereignty was, that Squatter Sovereignty is outside of the Constitution and in rebellion against the Federal Government, while Popular Sovereignty is in side of the Constitution, and in obedience to the Federal authority.

In answer to a Republican, he stated that Jefferson was Minister to France when the Ordinance of 1787 was adopted, and knew nothing about it till afterwards, and that Jefferson's plan for the government of Territories, which was adopted in 1787, was the fullest recognition of the right of Popular Sovereignty.

ARRIVAL OF THE EUROPA.

SACKVILLE, Sept. 18.
The Royal Mail steamship Europa from Liverpool on Saturday the 8th via Queenstown, the 9th, passed Cape Race on Sunday—she was boarded by the new yacht and the following summary of her news obtained.

The intelligence is quite important. The King of Naples quitted the capital on the 6th, in a Spanish vessel for Gaeta. Garibaldi was at Gaeta, 26 miles from Naples on the 6th, and was expected to reach the capital on the 7th; his advance guard reached Salerno on the 6th. Naples continued tranquil.

The harvest in England was making satisfactory progress.

LATEST VIA QUEENSTOWN.
London, 9th.—Insurrectionary movements have broken out at Pinaro and the insurgents have attacked and defeated the Papal troops.

The Opinions National of Turin, of the 8th, says the first column of Volunteers left the Marches to day.

GREAT BRITAIN.—The weather continued fine and the harvest in the southern counties was nearly completed, and the result exceeds expectation; operations have commenced in the more northern counties with encouraging prospects.

The number of English volunteers offering for Garibaldi was so great that funds could not be raised fast enough to send them to Naples.

NAPLES.—Garibaldi landed at Salerno on the 5th, and was expected at Naples at any moment.

A battle was considered likely on the 7th between Garibaldi and Salernitan troops occupied a strong position, and it was said in case of a defeat would retire upon Gaeta.

The Queen of Spain had offered the King of Naples a refuge in Spain, which the latter accepted.

The brigade of Col. Dorelli is reported to have passed over to Garibaldi.

Turin journals denounce the position of the troops of Lamoriciere and call on the Pope to disband his foreign mercenaries.

It is rumored that Count Cavour had sent a note to Rome announcing that any movements of the Pontifical troops beyond the Roman frontier would be considered an act of intervention, and that Piedmont would occupy the marches.

The London Times editorially says the King has gone to Gaeta only to consider whether he will fly to Madrid or Vienna, that Naples is as good as lost, and that the turn of Rome must come next.

Recent disturbances at Uvino had led to the discovery of a great conspiracy favorable to Garibaldi, and numerous arrests were made.

Sept. 14, d.w.f.

IN KEEPING.—The Journal's declaration, that there were not more than 125 voters at the Republican meeting on the corner of Wash and market streets on Saturday night, is in perfect keeping with the credibility of a paper that magnified a procession of 1100 into 5,000, and reduced an assembly of 3,000 to 250. More than 500 citizens assembled in front of Republican Headquarters, and more than 300 voters crowded the Market House, notwithstanding the drenching rain they had to encounter to get there.

SOLD, BUT NOT DELIVERED.—This is the watch-word, even the "counterfeit" of the original Bell me of New York, who, disguised at the open attempt made by their leaders to sell them to Douglas, are going over to the Republican ranks by hundreds, and thousands.

WE invite the attention of our readers to the advertisement in relation to popular American Watches. The American Watch Company, at Waltham, Mass., have a quality of their work. Buyers who want a good Watch, should see that they are not imposed upon by counterfeits.

THE FRUIT MANIFEST.—The fruits of Janin's rank and venom, are beginning to manifest themselves in the declarations of life-long Democrats, that they will not vote for a man who allows his passions to rule uncontrolled. The people can distinguish between a gentleman and a demagogue.

FROM CALIFORNIA.
Sacramento, Sept. 6.
The Union State Convention adjourned on a high reputation for the excellent quality of their work. Buyers who want a good Watch, should see that they are not imposed upon by counterfeits.

The Douglas Convention has also nominated a full ticket—a fusion of the two parties was not deemed advisable by either side.

IF The question is being asked—To what district will Daniel move, should he be chosen in this? We fear Daniel commenced moving four years too late.

The Hon. Lewis D. Campbell, whose official services are at present in such demand among those whose creed is "the Constitution, the Union and the enforcement of the laws," is the author of the following peculiarly conservative "sentiments":
As to the fugitive law, I condemn and denounce it on all occasions. I am against its iniquitous and unjust provisions, and all men who support it are the greatest traitors ever perpetrated upon liberty. I would trample it under foot. I have no right to dictate to others, but, for myself, I WILL UTTERLY DISREGARD ITS OBLIGATIONS, and will never use my opposition until it is wiped from our statute books. This is the position I took in the few speeches I made before the election, and in maintaining it hereafter, I shall not stop to inquire what effect my course will have upon my success as a politician. Political success has no charms for me when purchased at the sacrifice of justice and right.

Dr. C. W. ROBERT'S SCANDINAVIAN REMEDIES.—The celebrated Scandinavian Remedies, prepared by Dr. C. W. Robert, of Cincinnati, O., are now attracting considerable attention, not only among those persons who are afflicted with Rheumatism and general nervous derangement, but among the faculty. The following certificate from one of the oldest as well as one of the most prominent citizens of Mississippi, speaks for itself.—New Orleans Tribune, April 3.

EXTRAORDINARY CASE.—No. 18, 1860.
Dr. C. W. Robert, Cincinnati, O.—Dear Sir—I am now about 53 years of age, and have been afflicted with Rheumatism and general nervous derangement, with extreme debility, for the last 35 or 40 years, and have used almost every kind of patent medicine, from which I have derived no benefit; also, have tried a great many physicians, but all to no purpose. I now feel thankful I have at length obtained some relief, which has given me renewed vigor. I have purchased two bottles of your Scandinavian Blood Purifier and two boxes of your Pills, of Henry H. Wood, & Co., of New York, and have taken them, and have been greatly relieved, my limbs and veins have been greatly swollen, but your medicine has relieved them to their proper size. Very respectfully yours,
WM. R. KING.

FORN EXCHANGE.—We seldom hear of fortune being acquired by hard labor. Indeed, it has passed into a proverb, that "the harder the labor, the poorer the man." A few hundred dollars invested in improving districts have often secured more fortune than any other mode of investment. We have seen many new inventions, which others declined for lack of courage, have become millionaires upon a few thousand capital. New York, New England and the West are full of such cases. The same may be said of many who have denied themselves pleasures, and purchased a lottery ticket weekly, and which has resulted in a fortune of \$100,000. A remittance to them of \$250, \$500 or \$1,000, will be answered by the return of a chance in one of their legalized lotteries, by next mail.
